John is the Owner, President of Job Inc. Electric and John O'Brien Holdings Real Estate Development.

"I am extremely excited about the challenges of getting this program started. I hope my continued relationship with all club coaches will continue with a mutual agreement to push all players to perform at the best of their abilities. I am excited to work with all club TD's and directors and look forward to my continued coaching relationship with Chris Kraemer to build a pathway to higher-level soccer and to keep senior players in the game longer."
