- There are only two components that must be attended live:
 - the **Mandatory Webinar** (online), and
 - the **Practical Session** (on-field)
- There is only one component that is graded on a pass / fail: the **Law Exam**.
 - Students have two attempts at the Exam. If they are unsuccessful at both attempt, they must re-register for the Clinic and start again.
- The **Module** and **Signals** tests can be attempted multiple times without consequence
